## Data Collection Summary

### Update Equipment for Current Model

ITEM	PRICE	QUANTITY	TOTAL
Zoom H1N Recorders + Accessories	\$159.95	3	\$479.85
AAA Batteries (48 count)	\$22.78	1	\$22.78
Two-Way Shipping*	\$18.90	25**	\$472.50
<b>PRE-TAX SUBTOTAL</b>			<b>\$975.13</b>

\*Two-way shipping is based on current rates of USPS Priority Mail, Small Box Flat-Rate with two-day delivery. Prices are subject to change.

\*\*Twenty-five guests is an approximation based on previous seasons taking into account episodes without guests and reissued podcasts.

- PRO: The largest part of this expenditure is a one-time payment
- PRO: The Zoom H1N Recorders produce high-quality sound for interview
- PRO: This model allows for multiple fail-safe contingencies and is not completely reliant on the internet (interview could be completed over the phone with the audio recorders if necessary)
- CON: Recurring expense for shipping is significant

### Alternative Consideration: Riverside Pro Account (\$288 year)

- Unlimited recording and editing at up to 48 kHz audio quality
- PRO: Includes transcriptions (currently paying \$156/year for Otter)
- PRO: Would streamline the process by eliminating the need for a Zoom meeting and a recorder.
- CON: Need could still exist for shipping mics so users are not using their computer mics for recording.
